

# CONNECTION TO PIONEER SQUARE

## VIA PREFONTAINE FOUNTAIN AND FORTSON SQUARE

### description:

Two axial pathways intersect near middle of park, one focused on Prefontaine Fountain, the other on the center of the Court House. Pathways divide site into four different use areas.

### program elements:

Decorative plantings.  
Area for commercial activity.  
Children's play area.  
Plaza events adjacent to Third Ave.

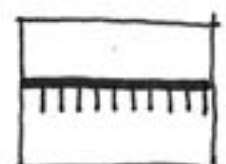

### management implications:

Gardener needed for planting area.  
Maintenance for playground.  
Manager for vendors.  
Security.

### larger issues:

Stronger pedestrian connection to southwest across the 3rd/Yesler intersection:  
SDOT involvement.  
Stimulating traffic from east: new redevelopment.  
Making Prefontaine Plaza safe and viable: updating fountain and plaza, maintenance, security.

### legend:

-  open street wall
-  closed street wall
-  access barrier
